The Marina is running smoothly. Stacie painted the marina store. The swamp cooler has been removed. There is a new cooler on order. Had problems with the ice machine, but that has been fixed.

has been removed. There is a new cooler on order. Had problems with the ice machine, but that has been fixed.

- d. Campground: Stacy came in March 15, 2021 and took reservations. July has been booked. April 15, 2021 is opening day for the Ruth Campground. Boy Scout will open May 15, 2021. Will and Becca started cleaning up Ruth Rec. Hobart Cindy will be staying at Hobart Creek Host site.
  - e. Leases: Lots of improvements are being requested. Caitlin and Larry will be inspecting lease site improvement requests together. This will help with any questions they have and can be discussed and reviewed at the site. Update from Adam Jager: Crew 702 on 23a, almost done, then 23, 24a, and 24b. Should pick up speed as they now have a working transfer station at the airport. All trucks will bring debris to the AA Airport instead of Anderson as trucks were only making one trip a day due to road construction. They will be bringing in bigger dump trucks to haul ash and debris to Anderson transfer station. Sites 109e and 105 will be done today. That crew, 701 will be moving south towards Holly Creek. A couple private properties first, I'm pushing to get 111c out on the list, with the late ROE, the asbestos cleanup was not done yet, and that is happening Thursday, so it should get on list while there on that road. The other crew, 703 is south of USFS. Adam is trying to rush soiling testing, as soon as 18,19 and 19a, gets cleared, Morris logging will start in there. It's day 8 since soil was collected on those sites. I will be on top of 24b too so, Morris can get that done and those logs out of there. There also waiting on Black Bart so, they can finish there as well. Waiting for approval from USFS for the use of Marshall Road, so they can log HBMWD properties behind 109c. I've been calling lease holders prior during and after clean up, updating them of what is next as well as giving info to Jennifer for Facebook page. Atlas is cruising along, but sure have a lot of cleanup to do, I was told this AM the dump truck is going to get here soon for chip removal.
  - f. Buffer Strip: Morris Logging is working on removing all of the burned trees.
  - g. Highway 36: Nothing to report.
10. New Matters for Board Consideration:  
11. Meeting Adjourned at 5:55 pm.
